FILM REPORTING SESSION  (20 marks............ 100 minutes)

The film reporting session will be held on the first day of the clinical and oral examination. The candidates will have to report on 20 films/cases and will be assigned 5 minutes per film/case.

General Instructions

1. Entry with admit card only
   The candidates must carry their admit cards which are required to be displayed on their white coats throughout the examination.

2. Response sheets
   i) Prior to entering the examination hall each candidate will be provided with response sheet. Candidates must write their ROLL NUMBER on the response sheet before starting the film reporting session.
   ii) The candidate will only carry his/her response sheet while rotating through the stations. No other papers will be allowed in the examination hall.

3. The candidate is not supposed to remove any document or material from any station.

Conduct of the examination

1. In the examination hall there will be 20 stations, each bearing a number from one to twenty.
2. To start, the candidates would occupy the station according to the number allotted. One film will be shown to the candidate at each station. The time allowed at each station is 5 minutes signalled by a bell.
3. When the bell rings the candidates are supposed to move to the next station.
4. Candidates will rotate through the stations in this way till they have completed all the stations. They will move only in one direction as displayed in the hall by arrow marks and will not be allowed to go back to the previous station.
Reporting on the films
In this section the candidates are expected to report:

- Name of examination/procedure and technique used.
- Salient features of the disease/abnormality seen (emphasize important positive and relevant negative features).
- Most likely diagnosis or if required the differential diagnosis.
- Suggest, if necessary, other radiological procedures/investigations to reach at a definite diagnosis.
- Suggestion of irrelevant investigation will be penalized by negative marks.

VIVA VOCE (3 stations; 10 marks at each station......... 30 minutes at each station - 15 minutes for each examiner)
Candidates will be examined at three stations by a pair of examiners at each station. They will be shown 5 films/images by an examiner at each station.

NOTE: The candidate are required to fill a self explanatory ‘feedback proforma’ at the end of the examination.
